

# Key Instant Recall Facts

**Year 1      Autumn 2**

KIRF: I know bonds within 10

*Facts within 10 are addition and subtraction calculations that make every number between 1-10, they are number bonds for every number to 10, for example  $7+0=7$ ,  $6+1=7$ ,  $5+2=7$  etc. They should already know number bonds that make 5 and 10.*

**Key Vocabulary:**

- **2 add 6 equals 8**
- **3 plus 2 is the same as 5**
- **7 take away 4 equals 3**
- **9 subtract 3 makes 6**
- **3 minus 2 equals 1**

**By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.**

**What will it look like at Cranford School?**

**Concrete**

**Pictorial**

**Abstract**

3 and 5 is the same as 8.

$$3 + 5 = 8$$

## Things to try

**Ball throw-** Write the numbers 1-10 on large pieces of paper. Call out a number to your child and challenge them to throw a ball at two numbers that make that number.

**Facts bingo-** Write the numbers 1-10 in a simple grid. Say; I want to make \_\_\_, I have \_\_\_ what do I need to add? Challenge your child to choose the correct number to finish the calculation.

**Spinner-** Make a simple spinner, decide on a number to make and then spin the spinner. What number do you need to add to make the original number?

## Questions to ask at home

What do we need to add to 7 to make 8?

If I have 4, how many more do I need to get to 6?

What is the difference between 5 and 1?
